

The Bulk Pick Up event has had great feedback, so we are bringing it back (right after the community garage sale)!

Items should be placed out in front of your home per the schedule below. Please be sure to check dates/times (and rules) to help make this another successful event!

Please place ALL items out in front of your home by end of day Sunday November 9 2025. Pick up will start November 10 2025

- All loose items must be bagged.
- No business related disposal – personal home only, space is limited and we want to make sure everyone gets to take advantage of this benefit!
- Tree limbs/trimmings do not need to be bagged (limit 2 trees). Bushes and tree leaves NEED to be bagged.
- Only put items out on your group's day or they will not be picked up.
- No refrigerators, freezers, tires, or hazardous materials (including paint)

Items placed out after Sunday evening MAY NOT be picked up!!
